ASHUTOSH THAKUR

thakurashutosh39920@gmail.com || +91-8777073706 || LinkedIn || Twitter/X || GitHub

A fast learner with solid knowledge in JavaScript, React.js, and Tailwind CSS and other front end frameworks.

Skills

JavaScript | React js | Express.js | MongoDB | Mongoose | Git | Github | Tailwind CSS | HTML | CSS | Java | C++ | OOPs

Projects

What-Text (a web-based chat app**) (link)**

- *Front-End*: React.js with Tailwind CSS
- *Authentication & Database*: Firebase (Google login, storage, and hosting)
- *Key Features*: Routing, Context API, React hooks, and Props for state management and component interaction.

Money-Gain (a web-based gaming app) (**link**)

- *Front-End*: React.js with Tailwind CSS
- **State Management**: React hooks for managing game state and player balance
- *Key Features*: Dynamic grid gameplay, betting functionality, score tracking, cash-out options, input validation, and user-friendly interface inspired by Stake's popular Mines game.

Video Player App (link)

- Developed a feature-rich video player using **React** and **Tailwind CSS**, incorporating intuitive playback and audio controls for a seamless user experience.
- Implemented custom controls for video playback, including play/pause, volume adjustment, and playback speed, providing users with comprehensive control over their viewing experience.
- Styled the video player interface with **Tailwind CSS**, ensuring a responsive and visually appealing design that adapts well to various screen sizes and devices.

Experience

Bincraft Technologies (Sept 2023 - Feb 2024)
- Received training in HTML, CSS, JavaScript, and React.js and worked on projects.

Education

Academy of Technology (2020 - 2024)
- EE | CGPA: **8.20**

Certifications

- React, NodeJS, Express & MongoDB - The MERN Fullstack Guide (Udemy)

Positions of Responsibility

- Served as a member of the student chapter EE in college.
- Member of online coding community "Codesamaaj".
